CLIFF, CASH is jammed in a corner..FRAN FRASER who received a FLAG from Capt PHIL PEYTON, we have no information nor blue card type information on her. There is no question in my mind of her not qualifying for the FLAG, but we don't even have an address. Phoned PEYTON to run this down since he had made the presentation, but so far no word. CAN ANYONE HELP? Cant send her the Certificate. This is awkward. We must complete the FLAG presentation. All other certificates went out 7 Dec.

- 51 contd. CASH had chance to visit CAPT HENDRYX, and due to some correspondence knew of the nick name of "BILLY WAGON-TONGUE" for him, and "SALLY PUMPHANDLE" for WILMA. Also a item.. "BIGGEST GAMBLER from Bill, Wyoming!.. and when that was checked out, maps and census, showed 3 people living there.. Jeez, CASH gets simply triggered on those things. So at the Orlando Reunion, they met first time. CLIFF is a master ala Movie Star JAMES STEWART, in hesitant speaking. He baffled CASH. Utterly fascinating. Do hope we meet again. 55. Some expressions used among construction men, slang terms of the trade, but truly describe situations and personalities, are simply priceless. In ALLAN DAWSON's work notes on ALBAN "TIGER" RYDBERG, VC-CHINA, which hopefully will wind up in a book written about him, there are many. The description of PAUL MILTON BASSET... "had a big head, real owly eyes,, BASSET was a rivit heater...Rivit heaters are like left handed pitchers...flakey as limestone, goofier than inbred cocker spaniels. They're tempermental as hell, too. ..and just like ..southpaw pitchers, you keep them around because they win for you..."... another expression, you dont just "tighten bolts and nuts", you use an impact wrench and "rattle them up".
- THIS ALL must be reduced to writing. And MUST be preserved. TIGER who has a running battle with diabetes is priceless. add = Lucys Tigers Den, 285/11 Silom Rd, Bangkok 5, Thailand
- CASH and many others are called on to help finance this project. So all you construction men and friends of TIGER are called to help finance this deal. IT MUST BE WRITTEN, even if it doesn't get published. The CHINA POST 1 must have it in the archives. CASH is writing separate letter to TIGER and ALLAN DAWSON on this.

MARIA adds to ltr..."son BRENT grads in June and is trying for Annapolis... also sons CRAIG and GLEN attend a fine American School there in LIMA... all doing fine...they all miss the Florida fishing. 65. In SAUDI ARABIA, when the news of the massacre of the PLO in the Beriut PLO camps leaked out, things got edgy among the people. Some were advised not to use the APO if reservists. No need to expose military backgrounds of many of our people.
66. JOE MURPHY, construction buddy of TIGER RYDBERG, 7790 Hemlock, Hesperia, CA got sort of taken to task by an MD .. guess JOE likes "spirits"... so JOE blusters and opines.."you look around yourself, you see more old drunks than old Doctors! .. and CASH adds.. Statistics do show this is more truth than poetry in that remark.... JOE had his knee operated on again, and this time it seems to be doing much better and no pain.
67. Capt JOHN LEAR (Marilee) with PFA of 4033 Acapulco Ave, Las Vegas, NV 89121, who left LV the day after the 1981 Reunion had to send MARILEE back home. Seems as if the person who had worked for them some years and had been left as sort of care taker of the house, etc, got out of control. Neighbors finally alerted JOHN and MAIRLEE. She came home to problems problems. JOHN is staying out his contract etc on the 707 and may be back in Dec 1982. He would be unable to handle 1983 Reunion.
68. Maj HOWARD A BERUBE, USAF 345 Plt, Spec Opns, MAC, mufti, now US MIL Group - Argentina, AF SEC. has enough members to start a Memorial Division. He and rest of them there get around much. 88. RIYADH, has a Banner, but no singular activity. No list is to be given. Many are with the National Guard Training and auxiliary units. Also the hospital. They move around quite a bit. THOMAS A KROHN (YaYa) is with Saudi Airlines, PO Box 2836 CC 735, Riyadh, SA. Has an assignment which really keeps him traveling about. Enjoys it. Dtr is staying with HAPPY PARKER in St Petersburg, FL area and attending school. Son is attending last year of high school.

89. SABAH Mem Div: Banner is with Capt JW 90 KNOTTS, Locked Bag #113 Kota Kinabalu, Sabah, E Malaysia. In that area also are JOHN GOVE, LOUIS SEXAUER. DIRTY JIM WILSON, with DERZONA gets over that way quite often. Then they get something going.

90. SARAWAK MEM DIV, with DWAYNE L WARREN (LeThu), VC-China, who was so active in ALGERIA, is now there on a similar Oil Refiner job with KELLOGG and affiliates. Add = c/o JGC-KOCC, PO Box 268 Bintulu, Sarawak, E Malaysia. They sent in a XMAS CARD and a polaroid picture of T P LUCK, JOE MENTO, G BARNHART, BYRD HUNTER and GECKO RUNNER standing in group with refinery section to the background. Too far away to get facial detail. In time they will send in closer ups of each for the archives. JOE MENTO was to hand carry the Banner last September.

91. THE SINAI MEM DIV is an active going concern. They went thru a dramatic shift from the Mt Sinai area to the EL GOURAH, Egypt location. (This was formerly EITAM, ISRAEL.) The BULL HORNS formerly mounted at Mt Sinai, is now at EL GOURAH. FPO NY 09527 has apparently replaced APO NY 09677. With the creation of the PEACE KEEPING military forces, called MULTINATIONAL FORCES and OBSERVERS, (MFO), certain facilities, camps, conveniences etc had to be built. Many men were there on short term jobs. So many applicants did not use the SINAI address, but used their PFA in CONUS... PAUL REIHLE, VC-China, assisted, and the local group elected the following officers. JAMES W WILLIAMS as Cdr, ROBERT MITCHELL as VC; LOU DEANER as 2nd VC; BEN WILLIAMS as Adj; KEN STRINGER as Historian; PAT MC TAMMANY as Treasurer and GARY HARRELL as Colonel (not Sgt) at Arms. SOAP BOX - SOAP BOX

110. IRS is gradually tightening the screws on the TAX DODGERS. This year the banks etc must report interest paid into accounts. Apparently the IRS thinks many people were not reporting some interest incomes. Even thinking of ways for taxing seller financed home mortgages..Also raising the bonus to "squealers" who report in such wrong doers. But one that would really sort things out would be to recall all US\$100 and US\$50 bills and re issue at par value ones of different color for replacement. This would trap a lot of \$ currency deals. During and after WWII in occupational areas, all governments issued "Occupational Currency" and even change that from time to time like they did in China, Japan and elsewhere CASH can remember. This would always locate the "currency" funds. These are suggestions made to Sec-Treas Regan 28 Sept 82 as reported by Rep Wire Svcs, datelined, Washginton DC.

111. Some 150 men and women in 1960-1970's, working in civilian intelligence for the US Navy designated Task Force 157, sued and won recognition for civil service time requirements in computing retirement etc benefits. The Govt maintained they were NOT Federal Employees as such and fought the case. The Office of Personnel Management which represented the government in this case said there was a probability of appeal.... Those Old Timers with CAT and AAM are trying to get his recognition too. Can a parallel be drawn? Sure will be a can of worms for lawyers to get in to. NY Times 30 Nov 82; plus WSJ too.

112. WSJ 6 Dec 82 carried long article citing "Americans turn down many jobs vacated by ouster of aliens"...one 25 yr old bachelor said it "belittled his pride"...Guess what that type people need is USMC "Boot Camp" to see if man hood and responsibility exists... Some simply need to experience difficulty, have no out but work or starve, to wake them up to the facts of life...CASH, as a youth, and working thru college etc, recalls doing pick and shovel, yard work, field work, washing dishes, delivering papers, and getting board for 4 to 6 hours a day going to school. And considered himself fortunate to even find work. At end of 6 years to do 5yrs college work, he owed US\$300. CASH gets bugged with such an attitude. The MEDIA high lights such situations too. Always look to the government for aid. As if it were a right not a privilege.

113. WSJ 8 Dec 82, editorial by Vermont Royster on FACING the SOVIET UNION... to "BAN THE BOMB" like the Bishops letter infers, "Better Red than Dead" is simply naive. Can't they learn from history..???. Turn cheek, bah!!!

114. WSJ .. Jakarta orders the Oil Companies to replace foreign rig workers with Indonesians... some 3000 involved. CALTEX, ARCO, EXXON, MOBIL, UNION are all fighting this ruling. JAKARTA wanted it done by Jan 1983. But this is unrealistic, however the finger is pointing.

115. AP wire. New law passed by Congress allow US State Department to do same costly things to the Soviet Diplomats as they do to our people in Russia... ie must hire translators and maids thru Russian contacts. Ditto for hiring apartments, buying airplane tickets and other contract services.. Russia would try place own KGB type people into the homes and offices of US etc..(LA Times too.)

ENUF OF THIS

HANK would show in Bangkok when he worked for Trans Asia. OLSON not so sure of correct spelling of his name either. PETE, we had a HENRY J SCHULTE, in 1975 staying at Ming Court Hotel Rm 1708, Singapore, and gave then PFA of 3806 35th Circle SE, Rio Rancho, Albuquerque, N Mex , 87114. After USN Services at the Ft Myers Chapel, HH "RED" DAWSON was laid to rest in Arlington National Cemetary 9 Dec 1982. Weather crisp, clear sky, full sun and a perfect setting. JAMES A CUNNINGHAM, who had worked with RED at times gave the POST EULOGY He was able to augment it with personal experiences, making it a fitting tribute to the departed. Everybody was impressed.

At the Mortuary, EMILY had a GUEST BOOK present, and received names and addresses of those who were there to pay their respects. But for some reason this REGISTER was not available for the CHAPEL services. EMILY and SKIP, HH RED DAWSON's wife and son, would appreciate attendees to write or phone her at 5108 Philip Road, Annandale, VA 22003 so she can send out proper THANK YOU notes to all who attended. Estimated 175+ were there.

ANN STILWELL STRONG and a host of others who heard JAMES CUNNINGHAM's "Spoken from the Heart" EULOGY, incorporating the CHINA POST 1 features and his own experiences with the departed, was delivered with out notes nor reading. Consequently, ANN, CASH, HELEN WIGHT, EMILY, SKIP, and a host of others, are requesting him to reduce it to writing and send copies of it to all for their momentos and the POST ARCHIVES.

121. HARRIET STAMM, wife of COL JOHN J STAMM, USA Ret of 1825 Ord Grove Ave, Seaside, CA 93955, passed 28 Nov 1982. They have been active and helpful members of the POST since Shanghai days.
